

# Your Corporate Image on Your Own MasterCard® Promotional Card

## EASY - INEXPENSIVE - UNIQUE

The card program provides an easy, effective way to enhance your incentive programs and grow your business. Whether you want to recognize employees, promote new products and services, or offer a convenient alternative to rebate checks, prepaid cards are cost-effective, practical and can be customized with your company image for increased brand awareness.

## HOW THE PROGRAM WORKS

Upload your corporate image to us. We will create a card design for you. Then choose one of our standard greeting card carrier designs. We will then send you an inventory of cards or we can mail the card directly to your customers or employees for you. If you wish to maintain an inventory of cards, you can load funds real-time using our web based tool.

- Common Applications
- Customer Incentives
- Vendor Incentives
- Employee Rewards
- Build Brand Awareness
- Sales Closing Tool
